SUMMARY

I am a Computer Science Engineering Student, Graphic Designer, and Social Media Manager with over 3 years of experience solving complex problems and delivering high-impact solutions for diverse clients. By merging engineering logic with creative vision, I specialize in building user-first digital products that excel in both functionality and aesthetic detail. My technical expertise spans Next.js, React, TypeScript, and Swift (iOS), backed by creative tools like Final Cut Pro and Photoshop. From architecting clinic management interfaces like AirDentalLab to building transit apps like CityBus, I craft responsive architectures with clean code, ensuring that every project is highly optimized, accessible, and visually striking. Beyond software engineering, I am a proven leader and organizer. I founded the annual Tech Titan school festival, coordinated esports LAN events for Tech Fusion 3.0, and achieved recommendation for the NDA-154 course from 1 AFSB, Dehradun, ranking AIR 739 (top 0.16% nationwide). I thrive in fast-paced environments that demand leadership, teamwork, and resilience.

EDUCATION

B.Tech Computer Science

K.R. Mangalam University

2024 - 2028

Bachelor of Engineering & Technology

12th Grade (Non-Medical)

Colonel's Central Academy

2024

Score: 83%

10th Grade

Lt. Atul Katariya Memorial School

2022

Score: 91%

SKILLS

Technical Skills: Next.js, React, TypeScript, Swift (iOS), PostgreSQL, Python, C++, SEO

Creative & Multimedia: Final Cut Pro, Adobe Photoshop, Canva, Unreal Engine, Video Editing

Professional Qualities: Leadership, Management, Teamwork, Courage, Sense of Responsibility, Effective Communication, Critical Thinking, Self Confidence

ACHIEVEMENTS & LEADERSHIP

SSB Recommended (AIR 739)

1 AFSB, Dehradun (Feb 2025)

NDA-154 (Top 0.16%)

Recommended for the National Defence Academy. Ranked AIR 739 out of ~4.5 Lakhs candidates. Evaluated on officer-like qualities, leadership, and resilience.

Head Co-ordinator (BGMI LAN)

Interuniversity Event (Apr 2026)

Tech Fusion 3.0

Spearheaded coordination and staging for the BGMI LAN tournament. Supervised team scheduling, refereeing, and setup logistics.

Founder & Head Organiser

Colonel's Central Academy (Oct 2024)

Tech Titan 1.0

Initialized and organized a multi-genre tech festival featuring gaming (BGMI, COD, Valorant, Minecraft), a hackathon, and a cryptic hunt. Now hosted annually.

FEATURED PROJECTS

BGMI LAN Event

Technologies: TypeScript

- Designed and implemented the repository using TypeScript, applying standard styling and responsive design principles.
- Configured git source control, structure, and documentation to align with dynamic portfolio deployment criteria.

[View Code](#)

AirDentalLab

Technologies: JavaScript

- Designed and implemented the repository using JavaScript, applying standard styling and responsive design principles.
- Configured git source control, structure, and documentation to align with dynamic portfolio deployment criteria.
